ADDITIONAL INFORMATION

Our goal at Geneva National is to provide the best possible learning experience. Students will be provided a checklist to ensure all facets of the ground department operations are covered. Students will have the opportunity to be exposed to a culturally diverse work environment. This will allow students to gain a working knowledge of the Spanish language, which has become an important asset in the industry today> We strongly encourage students to possess knowledge of the game of golf. Candidates must be honest, responsible, hard working, confident and willing to learn. Geneva national is located forty-five minutes SW of Milwaukee and an hour and twenty minutes NW of Chicago.
