

METACOMET COUNTRY CLUB

SUMMER INTERNSHIP

Metacomet Country Club is an 18 hole Private Club located in East Providence, Rhode Island. Originally a nine hole course designed and then redesigned by several people including Willie Park Jr., it was then totally redesigned by famed architect Donald Ross in 1925. In 1993 Ron Prichard was hired to develop a master plan. Since that time all bunkers were renovated and the 3rd green redesigned.

Job Description:

Students will participate in all facets of golf course maintenance and will work closely with the superintendent and assistant superintendents regarding all aspects of golf course management. This will include- course set-up, mowing, pesticide and fertilizer calibration and application, irrigation and water management, equipment maintenance, record keeping and communication.

Educational Requirements:

Interns must be currently enrolled in a turfgrass management program.

Salary & Benefits:

\$11-13/hr + overtime (average 50+hrs/week). Dues paid to RIGCSA and GCSAA, meals and golfing privileges. A new maintenance facility is planned for the summer/early fall. Metacomet is located just 2 miles outside the city of Providence.
