

# Summer Intern

## **The Patterson Club**

1118 Cross Highway  
Fairfield, Ct. 06430

### Description:

The Patterson Club is a private 18-hole private facility designed by Robert Trent Jones Sr. in 1946. We have recently started work on a Rees Jones Master Plan. Plan includes rebuilding of all tee complexes, bunkers, and an extensive re-grassing of green surrounds and greens to A1/A4. The club is also about to begin construction on a brand new 50,000 sq ft clubhouse. Irrigation system and pump upgrades are also underway and will be complete prior to the spring of 2008.

### Qualifications:

Individual must be a self-motivated, ambitious, team player, eager to learn. Must obtain a Ct. pesticide applicators license upon hiring.

### Benefits:

\$10-\$12/hr. depending on experience.

Overtime

Housing

Meals

Golf

Uniforms

### Other:

The Patterson Club treats their interns as “assistants in training”. The individual will work closely with the Superintendent and Assistant Superintendents to learn all aspects of golf course maintenance including daily course set-up, pesticide and fertilizer applications, water management on greens/tees/fairways, and irrigation repair.

### Apply to:

John N. Garcia, Golf Course Superintendent

1118 Cross Highway

Fairfield, Ct. 06430
