

Vesper Country Club

2011 Summer Intern

Description: Vesper Country Club is a private facility with a 1917 Donald Ross designed golf course. In the fall of 2009 VCC underwent a historic restoration with architect Brian Silva which included rebuilding all 19 greens to USGA sand-based specifications and resurfaced to A1/A4 bentgrass. The renovation also included rebuilding and adding additional bunkers to the course. This is a great opportunity for a student to have hands on experience in a learning rich environment.

Duties: The intern will work closely with the superintendent and assistant on a daily basis to provide the highest level of conditioning. Duties will include: course set-up, applying fertilizers and pesticides, extensive hand-watering, and all aspects of golf course maintenance.

Benefits: \$10/ hr. plus OT, Housing, meals, golfing privileges

Requirements: Currently enrolled in turfgrass management program

Contact: Chris Morris, GCS
185 Pawtucket Blvd.
Tyngsborough, MA 01879
